

# Color the UFO!

Name: \_\_\_\_\_

Color it like this!

blitsy.com

## Colors to use

- |                                                                                                                     |                                                                                                                        |
|---------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|
|  <b>Light Gray</b><br>Saucer top   |  <b>Gray</b><br>Rim band and collar |
|  <b>Light Blue</b><br>Glass dome   |  <b>Green</b><br>Alien              |
|  <b>Yellow</b><br>Lights and stars |  <b>Pink</b><br>Lights and cheeks   |
|  <b>Pale Yellow</b><br>Light beam  |                                                                                                                        |

Add a dark night sky, a moon or a cow floating up the beam!
